September 2019	Updates to medical provision arrangements.	

It is a requirement under the Equality Act 2010 that schools have an Accessibility Plan. The Equality Act 2010 replaced all existing equality legislation, including the Disability Discrimination Act. This means that “schools cannot unlawfully discriminate against pupils on the grounds of sex, race, disability, religion or belief and sexual orientation”.

According to the Equality Act 2010 a person has a disability if:

- (a) He or she has a physical or mental impairment, and
- (b) The impairment has a substantial and long-term adverse effect on his or her ability to carry out normal day-to-day activities.

The Full Governing Body is responsible for ensuring the implementation and resourcing of the Plan and for reviewing the Plan. Carville Primary School is committed to providing an accessible environment which values and includes all pupils, staff, parents and visitors regardless of their education, physical, sensory, social, spiritual, emotional and cultural needs.

The school will also remove or minimise any potential barriers to learning allowing all children to achieve and participate fully in school life.

Carville Primary School will challenge negative attitudes about disability and accessibility and developing a culture of awareness, tolerance and inclusion.

The Physical Environment

The Accessibility Plan includes measures to improve access to the physical environment of the school as necessary. This may involve making reasonable adjustments to the school and providing aids to assist access where appropriate.

Curriculum

The Plan also includes measures to increase access to the curriculum for children with disabilities to ensure that they are equally prepared for life as children without disabilities. As well as teaching and learning this includes access to the wider curriculum such as access to after school clubs and participation in school

visits. This may involve the provision of specialist aids and equipment where necessary.

Written Information

The Plan also includes measures to improve and make reasonable adjustments to the delivery of written information relating to the school and school events.

The Current Range of Disabilities within Carville Primary School

The school has children with a limited range of disabilities, of which the staff and governors are fully aware. When children enter school with specific disabilities, the school contacts the LA professionals for assessments, support and guidance for the school and parents.

For all children that have medical needs a care protocol is agreed with their parents or carers and it is displayed on the noticeboard in the Staff room and all staff are informed.

We have a few children who have asthma and some children with allergies or food intolerances, some of these are serious and require Epipens to be kept on site.

Children who require specific medication to be kept close to hand have a coloured box stored out of the reach of children in an area not accessed by children.

All medication is kept in the First Aid room in the KS2 corridor. It is kept in a locked cabinet or fridge which is easily accessible for First Aiders and staff members. Administration of Medicines consent forms are filled in by parents outlining the illness and amount and time of medication. All medication that is given is recorded. Medication is administered at the discretion of the Head Teacher.

Review of the Plan

The Accessibility Plan will be reviewed every three years and therefore the current plan will be reviewed in 2019.

Targets	Strategies	Outcome	Persons responsible	Timeframe
EQUALITY AND INCLUSION				
To ensure that the Accessibility Plan is annually reviewed by FGB	Clerk to the Governors to add to agenda as required	Plan reviewed. Legislation adhered to.	Headteacher	Annual
To improve staff awareness of disability issues.	Review training needs. Provide training as necessary or appropriate	Disability issues are identified and addressed by all staff.	Headteacher	On-going.
To ensure all policies, where necessary, consider the implications of disability access	During natural review of policies, consider and include measures to address disability access	Policies are fully inclusive of issues related to disability and reflect current legislation.	Headteacher Governors	On-going as part of policy review.
To ensure pupil receiving treatment from serious medical condition has access to teaching and the curriculum when at home and has minimal risk of contracting infections.	Liaise with parent and hospital outreach to ensure a teaching program is in place. Parents of other pupils to be reminded to inform school of any illness or infections in their children.	Child continues to access curriculum and recovery is not slowed down by infection from other pupils.	Headteacher Deputy Headteacher	On-going

PHYSICAL ENVIRONMENT				
To ensure that the school buildings and grounds are accessible for all children and adults and continue to provide access to the schools physical environment for all.	Audit of accessibility of school buildings and grounds. Suggest actions to be implemented.	Access to areas will be improved as need arises.	Headteacher Governors	Agenda item for appropriate meetings.
Ensure staff training, including first aid training, is in place to support needs of all children and adults.	Review needs and training		Headteacher	Annual Ongoing to meet changing needs
