

# Safety on The Avenue

Please help us to keep our children and families safe by not parking on the yellow lines OR the school side of The Avenue.

No cars parked on the school side of The Avenue:

- ✓ Clear view down the road. You can see vehicles approaching through the Metro bridge.
- ✓ Easy to check it is safe to cross.
- ✓ Easier for cars to travel safely down the road – more chance of drivers seeing children and families.
- ✓ Social-distancing can be maintained more easily.
- ✓ More space so more comfortable.

Please could **one** person come to the gates to collect and stand close to the fence 2 metres from each other to make as much walking space on the path as possible.

You should wear a mask if possible while waiting/collecting.

Cars parked on the school side of The Avenue:

- View down the road blocked. Difficult to see approaching cars.
- Unsafe for children and families to cross between cars.
- Difficult to drive down the road. Harder to see children and families.
- Harder to maintain safe social-distancing.
- Wall of cars feels enclosed. Less comfortable.

Please avoid collecting as a group. Additional people can wait safely further down The Avenue.

Be aware and move over for families walking past the line of people waiting to collect.

**Thank you for your support.**

Please move away from the school gates quickly once you have collected your child. Use [talktoteacher@carvilleprimary.co.uk](mailto:talktoteacher@carvilleprimary.co.uk) or call 0191 2342676 if you want to talk to a member of staff.
